

CURRICULUM VITAE

FRANCIS W. PRICE, JR., M.D.

Date and Place of Birth: February 4, 1951
Indianapolis, Indiana

Education:

B.S. - 1973 University of Notre Dame, South Bend, IN

M.D. - 1977 Indiana University, Indianapolis, IN

Postgraduate Education:

1977 - 1978 Internship Methodist Hospital, Indianapolis, IN

1978 - 1981 Resident in Ophthalmology
Indiana University, Indianapolis, IN

1981 - 1982 Fellowship - Cornea and External Disease
Tulane University, New Orleans, LA

Employment

1983 - present President, Price Vision Group &
Cornea Research Foundation of America
9002 N Meridian Street, Suite 100 & 212
Indianapolis, IN 46260

1988 – present Founder and President of the Board,
Cornea Research Foundation of America

2006 – present Managing Partner, Central Indiana Surgery Center

Board Certification:

1982 - Ophthalmology

Honorary Societies:

1973 - Phi Beta Kappa

1977 - Alpha Omega Alpha

Licensed:

Indiana 1977, Hawaii 1986

Awards:

2011 – Barraquer Award for significant contributions in refractive surgery

2011 - SantaCaterina d’Oro da Siena for excellence in medical research

2009 – Senior achievement award, American Academy of Ophthalmology

2008 – Health Care Heroes award, Indianapolis Business Journal

2007 - Albert D. Frost Memorial Lectureship, Ohio State University

2007 - Melvin Jones Fellow Award, Lions International Foundation

2006 – Silver Recognition Award, Indiana Academy of Ophthalmology

2006 - Vision Award, The Corneal Dystrophy Foundation

2006 – Person of Vision, Prevent Blindness Indiana

2006 - Indiana Hero, Indiana Pacers

Professional Committees and Organizations:

- Indiana State Medical Association - Sub-Commission on Insurance 1981 to present
- Marion County Medical Society - Professional Affairs Committee 1981-1988
- Indiana Academy of Ophthalmology - President 1989/1991
- Indiana Academy of Ophthalmology Eye Bank Committee - Chairman 1992-Present
- Community Hospitals Indianapolis - Ophthalmology Dept. Chairman 1987-1989
- Eye Bank Association of America
- Paton Society
- American Academy of Ophthalmology
- American Society of Cataract and Refractive Surgery
- International Society of Refractive Surgery - Director 1989/1991
- The Association for Research in Vision and Ophthalmology 1993-Present

Investigator – Clinical Trials

1. Comparison of two corticosteroid-dosing regimens for prevention of corneal transplant rejection episodes after Descemet's membrane endothelial keratoplasty. Cornea Research Foundation of America 2011/Active.
2. Characterization of the protein content of aqueous humor as related to cornea transplant survival. Cornea Research Foundation of America 2011/Active.
3. A Comparison of Three Endothelial Microscopy Techniques. Cornea Research Foundation of America 2011.
4. Efficacy and Safety of Bromfenac Ophthalmic Solution vs. Placebo for The Treatment of Ocular Inflammation and Pain Associated with Cataract Surgery. ISTA 2011.
5. A randomized, prospective, double masked clinical trial of Life 4°C vs. Optisol GS corneal storage media. Numedis, Inc. 2011/Active.
6. Survey study comparing contact lenses and LASIK for vision correction. Cornea Research Foundation of America 2010/Active.
7. A multi-center, double-masked, randomized, vehicle-controlled, parallel-group study to evaluate the safety and efficacy of 0.005% and 0.010% aqueous cyclosporine ophthalmic solutions administered twice daily for at least two weeks prior to and six months after LASIK surgery in reducing post-LASIK corneal hypoesthesia. Allergan 2010/2011.
8. Evaluation of Corneal Cross Linking for Treatment of Corneal Edema. Cornea Research Foundation of America. 2010/2011.
9. Evaluation of two Riboflavin Dosing Regimens for Corneal Collagen Cross-Linking in Eyes with Progressive Keratoconus or Ectasia. Cornea Research Foundation of America. 2010/Active.

10. Clinical Protocol for the Treatment of Corticosteroid Induced Intra-ocular Pressure Increases After Corneal Transplantation. Cornea Research Foundation of America. 2009/2010.
11. A Prospective Evaluation of Treatment Duration of the UVX™ System for treating infectious keratitis. Cornea Research Foundation of America. 2009/Active.
12. A prospective multi-center clinical study to evaluate the safety and effectiveness of the light adjustable lens (LAL) in subjects undergoing cataract extraction. Calhoun Vision, Inc. 2009/Active.
13. A Multi-Center, Parallel-Group, Double-Masked, Randomized, Placebo-Controlled Study of the Effects of diquafosol tetrasodium Ophthalmic Solution, 2% in Subjects with Dry Eye Disease and a Central Corneal Staining Score of 3 (NEI Scale). Inspire Pharmaceuticals, Inc. 2009/2010.
14. Efficacy and safety of bromfenac ophthalmic solution QD vs. placebo QD for treatment of ocular inflammation and pain associated with cataract surgery. ISTA Pharmaceuticals, Inc. 2009.
15. A prospective study of Staar ICL metrics. Cornea Research Foundation of America – 2008/2009.
16. A randomized, observer-masked, parallel-group, multicenter trial evaluating the ocular penetration of 1.5% levofloxacin ophthalmic solution and 0.5% moxifloxacin ophthalmic solution in subjects undergoing corneal transplant surgery. Vistakon Pharmaceuticals, LLC – 2008/2009.
17. Open-enrollment, prospective study of endothelial keratoplasty outcomes. Cornea Research Foundation of America – 2008/Active.
18. Safety and Effectiveness of the UV-X System for Corneal Collagen Cross-Linking in Eyes with Progressive Keratoconus. Peschke Meditrade GmbH – 2008/2011.
19. Safety and Effectiveness of the UV-X System for Corneal Collagen Cross-Linking in Eyes with Corneal Ectasia after Refractive Surgery. Peschke Meditrade GmbH – 2008/2011.
20. Characterization of the protein content of aqueous humor. Cornea Research Foundation of America 2008/Active.
21. Surveillance of resistance to formulations of antimicrobials in cultures of the eye. Allergan, Inc. 2007/2008.
22. A Multi Center, Double Masked, Randomized Parallel Group Study Evaluating the Safety and Efficacy of a New Formulation of Ketorolac Tromethamine 0.45% Ophthalmic Solution Compared with Vehicle Administered Preoperatively and Twice-Daily Postoperatively for Two Weeks for the Treatment of Anterior Segment Inflammation, Pain, and Inhibition of Surgically Induced Miosis Following Cataract Extraction with Posterior Chamber Intraocular Lens (IOL) Implantation. Allergan, Inc. 2007/2008.
23. A prospective, randomized, multicenter center study evaluating the use of intraocular dexamethasone in conjunction with Descemet's stripping and endothelial keratoplasty, a type of cornea transplant. Cornea Research Foundation of America and Ophthalmic Consultants of Long Island – 2007/2009.
24. Intraocular Pressure after Descemet's stripping endothelial keratoplasty as measured by contour matching tonometry and applanation tonometry. Cornea Research Foundation of America – 2007.
25. Clinical evaluation of the safety and effectiveness of the Veriflex anterior chamber phakic IOL for the correction of myopia. Advanced Medical Optics – 2007/Active.
26. A multi-center, placebo-controlled, randomized, parallel-group, dose-ranging study to assess the efficacy and safety of LX201 implantation for the prevention of corneal allograft rejection episodes or graft failure in subjects who have experienced one or more rejection episodes following penetrating keratoplasty. Lux Biosciences – 2007/2010.
27. A multi-center, placebo-controlled, randomized, parallel-group, dose-ranging study to assess the efficacy and safety of LX201 for the prevention of allograft rejection episodes and graft failure following penetrating keratoplasty with LX201 implantation in subjects who are at increased immunological risk. Lux Biosciences – 2007/2010.
28. A prospective, multi-center feasibility trial to evaluate the safety and effectiveness of the IntraLase FS laser used to harvest donor tissue for Descemet's stripping with endothelial keratoplasty. IntraLase Corp. – 2007/2008.
29. A Randomized Evaluation of Two Surgical Kits: Gatifloxacin, Ketorolac LS, and Pred Forte Compared with Moxifloxacin, Nepafenac, and EconoPred in Patients Undergoing Cataract Surgery. William Trattler, MD – 2006.

30. Comparative Study of Corneal Transplant Survival and Endothelial Cell Loss following Descemet Stripping Automated Endothelial Keratoplasty vs. Penetrating Keratoplasty. Case Vision Research Coordinating Center – 2006/2010.
31. FECD Genetics Multi-Center Study. Case Vision Research Coordinating Center – 2006/2010.
32. A prospective, randomized, single center study evaluating use of surgeon- and eye bank-prepared donor tissue for Descemet's stripping and endothelial keratoplasty, a type of cornea transplant. Protocol 2005-10. Cornea Research Foundation of America and the North Carolina Eye Bank, Inc. – 2006/2007.
33. A prospective, multi-center feasibility trial to evaluate the IntraLase FS laser used for penetrating keratoplasty. Protocol FMTO-007-ITK. IntraLase Corp. – 2005/2006.
34. Randomized, controlled, multicenter comparative trial to evaluate the SOLX Gold Shunt for the reduction of intraocular pressure (IOP) in glaucomatous eyes following failed medical and conventional surgical treatments. Protocol SLX53. SOLX – 2005/2010.
35. A masked comparison of Acular LS plus steroid versus steroid alone for the prevention of macular leakage in cataract patients. Protocol. John Wittpenn, MD – 2005/2007.
36. Comparison of healing response of the corneal wound created by blade or femtosecond laser, in presence of implanted hydrogel sponge. Protocol 2902. CooperVision – 2005.
37. A multi-center, double-masked, randomized, placebo controlled, evaluation of the onset and duration of action of R89674 0.25% ophthalmic solution in the conjunctival allergen challenge (CAC) model of acute allergic conjunctivitis. Protocol 05-003-11. Vistakon Pharmaceuticals, LLC – 2005/2006.
38. A study to determine whether early corneal protein changes associated with keratoconus can be identified through 2-dimensional gel electrophoresis and mass spectrometric analysis of human tear samples. Protocol: K-10-03-001. Cornea Research Foundation of America – 2004/2006.
39. A prospective, randomized, single-center clinical trial to evaluate the use of orbital seal sunglasses after LASIK. Protocol 2004-20. Panoptx – 2004/2005.
40. A prospective, randomized, multi-center clinical comparison of fellow eyes undergoing LASIK with either a mechanical keratome or IntraLase FS laser. Protocol PRIM-016-CST. IntraLase Corp – 2004/2005.
41. A prospective, single-center feasibility trial to evaluate the safety and effectiveness of the IntraLase FS laser used for corneal endostromal tissue harvesting. Protocol FMTO-006-ITK. IntraLase Corp – 2004/2005.
42. Clinical study of implantation of a UV-absorbing acrylic posterior chamber intraocular lens. Protocol 2003-A101. Hoya Holdings, Inc. – 2004/2008.
43. A study to determine if Restasis™ (cyclosporin 0.05% ophthalmic solution) is effective, either alone or in combination with pulsed dosing of corticosteroids, for prevention of graft rejection episodes after corneal transplantation. Protocol R-09-03-002. Price Vision Group - 2003/2005.
44. A prospective, randomized, double-masked study to evaluate whether pre-operative dosing with Acular LS is effective for maintaining pupil dilation and for mitigating pain and inflammation during and after cataract surgery. Protocol A-09-03-001. Price Vision Group - 2003/2004.
45. A Study to Compare the Effect of Gatifloxacin 0.3% and Moxifloxacin 0.5% Ophthalmic Solutions on Corneal Epithelial cell health following two dosing regimens. Protocol 08-03-001. Price Vision Group - 2003.
46. A comparison of the duration of IOP control with travoprost, bimatoprost, and latanoprost in patients with glaucoma and ocular hypertension: a multicenter, randomized, masked-evaluator, parallel group study. Protocol 03-005-03. Ophthalmic Research Associates - 2003.
47. To evaluate the effect of gatifloxacin 0.3% ophthalmic solution on corneal endothelial cell counts in two subpopulations: non-surgical, normal healthy volunteers and healthy volunteers scheduled to undergo standard cataract surgery. Protocol PIND-GATI-004. Allergan – 2003.
48. A comparative study of olopatadine QD versus vehicle in patients with seasonal allergic conjunctivitis or rhinoconjunctivitis. Protocol C-02-67. Alcon – 2003.

49. Medical Monitor and Principal Investigator – Multicenter Clinical Study of the Ophthec Model 311 Iris Reconstruction Lens. FDA IDE Number: G020127 and G020127/A001. OPHTEC USA, Inc. - 2002/Active
50. Principal Investigator – Multicenter Clinical Study of the OCULAID Endocapsular Tension Ring (CTR) and OPERAID Tension Ring Inserter. FDA IDE Number: G010064. Protocol CTR 275/276. OPHTEC USA, Inc.– 2001/2004
51. Principal Investigator – A multi-center, randomized, double-masked, vehicle-controlled, parallel-group study evaluating the safety and analgesic efficacy of Ketorolac Tromethamine 0.4% ophthalmic solution in post photorefractive keratectomy patients. Protocol 191578-003. Allergan – 2001/2002
52. Principal Investigator – A prospective, masked study comparing preservative-free Acular to vehicle for analgesic efficacy after LASIK. Allergan – 2000/2001.
53. Principal Investigator – A prospective, masked study to compare the effectiveness of antibiotics to penetrate into the eye. Allergan – 2000/2001.
54. Principal Investigator – The Cornea Donor Study: A prospective cohort study to determine whether the graft-failure rate over a 5-year follow-up period is equivalent with corneal tissue from donors older than 65 years of age compared with that from younger donors. Two other specific objectives also evaluated. Protocol Version 1.0- Jaeb Center for Health Research – 1999/Active
55. Co-Investigator - Clinical evaluation of a new method to remove the Landec Punctal Occluder. Protocol C-98-15. Alcon Laboratories, Inc. – 1999
56. Principal Investigator - US Clinical Study of the Artisan Myopia Lens for the Correction of High Myopia in Phakic Eyes. Ophtec USA, Inc. - 1998/2007
57. Principal Investigator and Sponsor - A Phase III Prospective Controlled Clinical Trial to Investigate the Ability to Decrease the Rate of Over-correction without Increasing the Rate of Retreatment due to Under-correction with Laser in Situ Keratomileusis. EXKM-802. Protocol 980968. Corneal Consultants of Indiana – 1998-9/2000
58. Principal Investigator - Clinical study of the implantable contact lens for patients with moderate to high hyperopia. Protocol 980363. STAAR® Surgical – 1998-4/2000
59. Principal Investigator - A Phase III study of MDX-RA compared with placebo administered in
60. patients undergoing phacoemulsification or planned extracapsular extraction for cataract. Protocol CL-SEC014. - Medarex, Inc. 1998-4/2000
61. Principal Investigator - A Multi-Center Prospective Clinical Study to Evaluate the Use of the LADARVision Excimer Laser System in LASIK Correction of Hyperopia and Astigmatism. Protocol 7201-0022. Autonomous Technologies Corporation – 1998-3/2000
62. Principal Investigator - A Multi-Center Prospective Clinical Study to Evaluate the Use of LADARVision System in Correction of Hyperopia and Astigmatism. Protocol 7201-0010. Autonomous Technologies Corporation - 1998/1999
63. Principal Investigator and Sponsor - A Phase III prospective randomized controlled clinical trial to investigate the use versus non-use of topical corticosteroids on the stability of the manifest refraction after the surgical correction of myopia and astigmatism with laser in situ keratomileusis. Protocol EXKM-801. Corneal Consultants of Indiana - 1997/2000
64. Principal Investigator and Sponsor - A Phase III prospective randomized controlled clinical trial to investigate the simultaneous versus sequential surgical correction of myopia and astigmatism with laser in situ keratomileusis. Protocol EXKM-800. Corneal Consultants of Indiana – 1996
65. Co-Investigator for a Phase III prospective multi center clinical trial to evaluate the safety of the Chiron Technolas™ Keracor™ 116 excimer laser for the correction of mild myopia and astigmatism in fellow eyes of subject initially treated under protocol EXCM-650-MYO. Protocol EXCM-651-FEL. Chiron Vision Corp. – 1995
66. Co-Investigator for a Phase III prospective multi center clinical trial to evaluate the safety and effectiveness of the Chiron Technolas™ 116 excimer laser for the correction of mild myopia. Protocol EXCM-650-MYO. Chiron Vision Corp. – 1995

Francis W. Price, Jr., M.D.
Curriculum Vitae - Page 13

67. Co-Investigator for a protocol for the retreatment of eyes with under-corrected refractive error following photorefractive keratectomy with the Chiron Technolas™ Keracor™ 116 excimer laser. Protocol EXCM-622-RET. Chiron Vision Corp. – 1995
68. Co-Investigator for a clinical trial to evaluate the use of the Chiron Technolas Keracor™ 116 excimer laser for the correction of residual myopia or of untreated fellow eyes in patients treated with the Taunton 2015 excimer laser. Protocol EXCM-620-TET. Chiron Vision Corp. – 1995
69. Principal Investigator for the analgesic efficacy of ketorolac tromethamine 0.5% diclofenac sodium 0.1% when used following bilateral radial keratotomy. Allergan Pharmaceuticals – 1995
70. Principal Investigator for a Phase II prospective randomized controlled multi center clinical trial to compare surgical correction of myopia with excimer laser photorefractive keratectomy versus laser in situ keratomileusis. Protocol EXKM-603-MYO. Chiron Vision Corp.- 1995
71. Principal Investigator for a Phase II multi center clinical trial to evaluate the use of the excimer laser for the treatment of superficial corneal opacities. Protocol EXCM-615-PTK. Chiron Vision Corp. – 1994
72. Principal Investigator for a retrospective ALK study. Submitting 100 patients. Refractive Services Agency – 1994
73. Principal Investigator for the analgesic efficacy and safety of KETOROLAC non-preserved ophthalmic solution in subjects undergoing radial keratotomy. Study KETO-105-8718 Allergan - 1994/1995
74. Principal Investigator for a randomized open clinical trial for the evaluation of corneal tissue levels following topical dosing with OCUFLOX solution. Allergan – 1994
75. Principal Investigator for an adjunctive therapy with Galardin™ matrix metalloproteinase inhibitor (GM 6001) in patients with corneal ulcers caused by infection. Galardin - 1993/1994
76. Principal Investigator for a retrospective multi center clinical study to evaluate the clinical outcome of keratorefractive surgery for the correction of myopia and astigmatism. Chiron IntraOptics - 1992/1993
77. Principal Investigator for a prospective multi center clinical trial to evaluate keratorefractive surgery for the correction of myopia and astigmatism. Chiron IntraOptics - 1992/1993
78. Principal Investigator for a prospective multi center clinical trial to evaluate keratorefractive surgery for the correction of myopia. Chiron IntraOptics - 1992/1993
79. Principal Investigator for a randomized open clinical trial for the evaluation of corneal tissue levels following topical dosing with CILOXAN solution. Alcon Laboratories - 1992/1993
80. Principal Investigator for clinical trials to evaluate the excimer laser used for photorefractive keratectomy (PRK), Phase III - VISX Incorporated - 1992-1994
81. Principal Investigator for clinical trials to evaluate the excimer laser for use in phototherapeutic corneal surgery (PTK), Phase IIB - VISX Incorporated - 1992-1995
82. Principal Investigator for a randomized, double-masked clinical trial to assess the safety and comparative efficacy of three concentrations of Sandimmune ophthalmic ointment versus placebo in patients with keratoconjunctivitis sicca. - Sandoz Research Institute - 1991
83. Principal Investigator for a clinical trial to evaluate the handling, fit, retention, and comfort of the Chiron corneal shield in postoperative patients. - Chiron Ophthalmics, Inc.- 1991
84. Principal Investigator for intraocular pressure raising potential of Rimexolone in high steroid responders. - Alcon Laboratories - 1991/1992
85. Principal Investigator for a randomized controlled multi center study to evaluate the effect of collagen shields on corneal epithelialization following penetrating keratoplasty. Chiron Ophthalmics, Inc. – 1991
86. Principal Investigator for clinical trials to evaluate the safety and efficacy of Sandimmune 2% Ophthalmic Ointment in the prevention of corneal graft rejection following "high risk" keratoplasty. Sandoz Research Institute, East Hanover, NJ - 1989-1992
87. Principal Investigator for placebo-controlled study to evaluate the safety and efficacy of Fibronectin ophthalmic solution in patients with keratoconjunctivitis sicca. Chiron Ophthalmics, Inc., Irvine, CA - 1988-1990

88. Principal Investigator for clinical evaluation of corneal preservation media containing human Epidermal Growth Factor and insulin. Chiron Ophthalmics, Inc., Irvine, CA - 1988-1990
89. Principal Investigator for the clinical evaluation of a hydrogel intracorneal implant (Kerato-Gel) for the correction of aphakia; Allergan Medical Optics, Santa Ana, CA – 1988
90. Principal Investigator for the clinical evaluation of a hydrogel intracorneal implant (Kerato-Gel) for the correction of myopia; Allergan Medical Optics, Santa Ana, CA – 1988
91. Principal Investigator for Fibronectin used in the treatment of recurrent corneal erosions; Chiron Ophthalmics, Inc., Irvine, CA 1987/1988
92. Principal Investigator for Fibronectin used in the treatment of persistent corneal defects; Chiron Ophthalmics, Inc., Irvine, CA 1987/1988
93. Principal Investigator for human Epidermal Growth Factor to promote healing of penetrating keratoplasties; Chiron Ophthalmics, Inc. - 1986/1987
94. Principal Investigator for human Epidermal Growth Factor to promote healing of non-healing corneal defects; Chiron Ophthalmics, Inc., Irvine, CA - 1986/1987
95. Investigator for BKS-1000 - Non-Freeze Keratomileusis; American Medical Optics, Irvine, CA - 1986

Presentations

1. Price FW. Optimizing refractive surgery safety: lesson from keratomileusis to modern LASIK. American Academy of Ophthalmology annual meeting, Oct 25, 2011, Orlando, FL (**Barraquer Lecture**).
2. Price FW. Lamellar with the laser is the name of the game for severe ectasia. American Academy of Ophthalmology annual meeting, Oct 21, 2011, Orlando, FL.
3. Price FW, Price MO. Descemet membrane endothelial keratoplasty: a simple technique to improve attachment. . Cornea Society/EBAA Fall Educational Symposium. Oct 21, 2011 Orlando, FL.
4. Price MO, Price FW. DSEK has significantly lower rate of immunologic rejection than either DSEK or PK. Cornea Society/EBAA Fall Educational Symposium. Oct 21, 2011 Orlando, FL.
5. Price FW, Price MO. Survey study comparing satisfaction with contact lenses and LASIK for vision correction. American Academy of Ophthalmology annual meeting, Oct 23, 2011, Orlando, FL.
6. Price FW, Price MO. DMEK: is it time for you to convert from DSEK? Cornea Subspecialty Day, American Academy of Ophthalmology annual meeting, Oct 22, 2011, Orlando, FL.
7. Price MO, Price FW. DSAEK outcomes at three years compared with penetrating keratoplasty from the Cornea Donor Study. American Academy of Ophthalmology annual meeting, Oct 24, 2011, Orlando, FL. (**Invited talk in Best of the Anterior Segment Symposium**)
8. Price MO, Tenkman L, Price FW. Relationship between Descemet stripping endothelial keratoplasty and glaucoma: graft survival and IOP control. American Academy of Ophthalmology annual meeting, Oct 24-25, 2011, Orlando, FL (**Best poster award**)
9. Ambrosio R, Ramos I, Lyra JM, Guerra F, Price F, Price M, Schallhorn S, Belin M, Machado AP. Artificial intelligence classifier based on corneal tomographic parameters for assessing ectasia susceptibility prior to LASIK. American Academy of Ophthalmology annual meeting, Oct 22-23, 2011, Orlando, FL
10. Price MO, Gorovoy M, Benetz BA, Price FW, Washington K, Debanne S, Menegay H, Lass J. DSAEK outcomes at three years compared with penetrating keratoplasty from the Cornea Donor Study. Eye Bank Association of America Scientific Session, June 25, 2011, Tucson, AZ.
11. Price FW, Price MO. The current state of the art in corneal crosslinking. West Virginia Academy of Eye Physicians & Surgeons annual meeting. June 18, 2011, White Sulphur Springs, WV.

168. Topical nonsteroidals and pain relief. Is there still a role for incisional keratotomies? "Videorefrattiva '97, III Congresso Internazionale Di Chirurgia Refrattiva." Milan, ITALY 03/2122/97
169. The widening scope of NSAIDs in ophthalmic surgery - ocular pain management. Optional use of nonsteroidal anti-inflammatories in Ophthalmic Surgery Symposium. Ocular Surgery News - Slack Inc., Scottsdale, AZ 02/27-28/97
170. The widening scope of NSAID use in ophthalmic surgery - ocular pain management - Part II. Hawaii '97 Ocular Surgery News Special Event - Slack Inc., Maui, HI 01/27/97
171. Keratomileusis in situ (automated lamellar keratoplasty) - what are the strengths and weaknesses? LASIK Didactic Course American Academy of Ophthalmology Annual Meeting, Chicago, IL 10/27/96
172. Astigmatic treatment with the excimer laser; a case for not using astigmatic keratotomy. Sub-Specialty Day 1996 - Reshaping the Future: Refractive Surgery. American Academy of Ophthalmology Annual Meeting, Chicago, IL 10/25/96
173. Interactive computing - the key to improving office efficiency and decreasing overhead. International Society of Refractive Surgery, Pre-American Academy of Ophthalmology Meeting, Chicago, IL 10/25/96
174. Current status of LASIK. Indiana Academy of Ophthalmology Annual Meeting, Indianapolis, IN 06/14/96
175. Current status of refractive surgery. Section Meeting of Family Practice Physicians of St. Vincent Hospital, Indianapolis, IN 05/16/96
176. Changing risk factors for penetrating keratoplasty. World Congress on the Cornea IV, Orlando, FL 04/17/96
177. The medical management of radial keratotomy. Certified Ophthalmic Dispensers Assn. Annual Convention & Trade Show, Indianapolis, IN 11/04-05/95
178. Computerized interactive patient education/informed consent for refractive surgery. Comparison of topical Acular versus Voltaren for pain relief after radial keratotomy. International Society of Refractive Surgery, Pre-American Academy of Ophthalmology Meeting, Atlanta, Georgia 10/27/95
179. Post-op care: modulation of healing. Focus on Education - Update 1995. Indianapolis, IN 09/09/95
180. Topical NSAIDS. Update on automated lamellar keratoplasty/LASIK. Cincinnati Ophthalmological Society, Cincinnati, Ohio 06/08/95
181. Corneal tissue level of topically applied Ocuflax. ASCRS/ASOA Symposium on Cataract, IOL and Refractive Surgery, San Diego, CA 04/04/95
182. Medical and surgical management of glaucoma. Indiana School of Optometry, Bloomington, IN 01/26/95
183. Corneal tissue levels of ciprofloxin in eyes undergoing penetrating keratoplasty. A refractive surgery called keratomileusis. FUHS/Chicago Medical School Grand Rounds Chicago, IL 11/30/94
184. Medical and surgical management of glaucoma. Central Indiana Optometric Society, Indianapolis, IN 11/08/94
185. Automated lamellar keratomileusis: predictability and stability. International Society of Refractive Keratoplasty, Pre-American Academy of Ophthalmology Meeting, San Francisco, CA 10/28/94
186. Keratoplasty and other refractive options. Central Indiana Optometric Society, Lafayette, IN 10/25/94
187. Nonsteroidal anti-inflammatory drugs (NSAIDs) in refractive surgery; how, why, and when? Automated lamellar keratomileusis (ALK); where does it fit into refractive surgery? Washington D.C. Ophthalmological Society Meeting, Washington, DC 09/08/94
188. Astigmatic Reduction Clinical Trial (ARC-T) - Report on predictability and safety. Indiana Academy of Ophthalmology, Seventy-Seventh Annual Scientific Meeting, Indianapolis, IN 06/1011/94

Francis W. Price, Jr., M.D.
Curriculum Vitae - Page 23

189. Nonsteroidal anti-inflammatory drugs (NSAIDs) Keratomileusis in situ. Indiana Optometric Association, Annual Meeting of Formulary Update, Indianapolis, IN 06/09/94
190. Automated lamellar keratomileusis (ALK). Northern Indiana Optometric Association, Annual Meeting, Fort Wayne, IN 3/94
191. Central Islands - Nonpenetrating glaucoma filtration surgery. ASCRS/ASOA Symposium on Cataract, IOL and Refractive Surgery, Boston, MA 04/09-13/94
192. Non-penetrating glaucoma filtration surgery, utilizing a collagen inlay. 15th Annual Royal Hawaiian Eye Meeting, Maui, HI 01/20/94
193. A new corneal punching system. Eye Bank Association of America (EBAA) - 32nd Annual Scientific Session Pre-American Academy of Ophthalmology Meeting, Chicago, IL 11/13/93
194. Central Islands - Fact or fiction? Astigmatic Reduction Clinical Trial (ARC-T) Safety and changes in best-corrected visual acuity. Astigmatic Reduction Clinical Trial (ARC-T) Report on predictability of the nomogram. International Society of Refractive Keratoplasty (ISRK) Pre-American Academy of Ophthalmology Meeting, Chicago, IL 11/12-13/93
195. Non-Steroidals in ophthalmology. Decision making in management of IOL complications. Radial keratotomy. Residents and faculty of Ophthalmology Department at Loyola University, Chicago, IL 04/28/93
196. Poster 4185 - Corneal tissue levels of topically applied ciprofloxacin. Annual Meeting - The Association for Research in Vision and Ophthalmology (ARVO), Sarasota, FL 05/2-7/93
197. Incisional refractive surgery: An overview. Risk factors for corneal graft failure. Annual Meeting - American Academy of Ophthalmology, Dallas, TX 11/8-12/92
198. Excimer laser trials. 75th Annual Meeting - Indiana Academy of Ophthalmology, Indianapolis, IN 06/12-13/92
199. Suprachoroidal hemorrhage in penetrating keratoplasty. Khandaker Ahad, M.D., Francis Price, Jr., M.D., William Whitson, M.D. 95th Annual Meeting - American Academy of Ophthalmology: Anaheim, CA, 10/13-17/91
200. Scientific Poster 43 - Intraocular lens exchange for anterior chamber IOL-induced corneal endothelial damage. Arthur Coli, M.D., Francis W. Price, Jr., M.D., William E. Whitson, M.D Free Paper 30-4
201. What's new in refractive surgery. Current data on penetrating keratoplasty survival. 1991 Scientific Assembly - National Medical Association, Indianapolis, IN 07/31/91
202. Changing trends in intraocular lens removals and how this influences future cataract surgery and intraocular lens implantation. 74th Annual Meeting - Indiana Academy of Ophthalmology Indianapolis, Indiana, 04/26/91
203. Changing trends in explanted intraocular lenses. Explanation of posterior chamber lenses. Use of intraocular endoscopic camera. A new posterior chamber lens specifically designed for suturing to the iris. ASCRS Symposium of Cataract, IOL and Refractive Surgery, Boston, Massachusetts, 04/7-10/91
204. Corneal graft survival and the influence of intraocular lenses. Annual Meeting-Indiana Academy of Ophthalmology, Indianapolis, Indiana, 04/20/90
205. Corneal damage and complications following IOL surgery. 25th Annual Meeting - The American Society of Contemporary Ophthalmology, Phoenix, Arizona, 03/29/90
206. Overview - Surgical correction of myopia. Iris-fixated posterior chamber lenses using a straight taper point needle. Intraocular Implant Lens Update 1989 - Part I and Part II - Annual Meeting - American Academy of Ophthalmology, New Orleans, Louisiana, 11/01/89
207. Life-table analysis of corneal transplants for bullous keratopathy, Fuchs' corneal dystrophy and keratoconus. 1989 Eye Bank Association of America Scientific Session, New Orleans, Louisiana, 10/28/89
208. Suture-Fixating current styles of posterior chamber lenses to the iris. Kerato-Gel corneal inlay technique and patient selection. ASCRS/ASOA 2nd American-Int'l Congress, Washington, D.C., 04/25-27/89

209. Design of early results of an epidemiologic study of eyes receiving Stableflex and anterior lenses. Early results and observations with hydrogel corneal inlays for the treatment of aphakia. Indiana Academy of Ophthalmology, Indianapolis, Indiana, 04/07/89
210. Suture-fixated posterior chamber lenses and the treatment of pseudophakic bullous keratopathy and cystoid macular edema. Best and worst cases in myopic keratomileusis. CLAO/ISRK Annual Meeting, New Orleans, Louisiana, 01/19-20/89
211. Suture-fixated posterior chamber lenses in the treatment of pseudophakic bullous keratopathy and cystoid macular edema. Suture-fixating posterior chamber lenses to the iris. Welsh Cataract Congress, Houston, Texas, 11/17/88
212. Visual results of suture-fixated posterior chamber lenses during penetrating keratoplasty. American Academy of Ophthalmology, Las Vegas, Nevada, 10/10/88
213. Cystoid macular edema in pseudophakic bullous keratopathy - does glaucoma affect the outcome? Indiana Academy of Ophthalmology, Indianapolis, IN 04/23/88
214. Visual distortions after keratorefractive surgery. KeratoRefractive Society Annual Symposium, Dallas, Texas, 11/07/87
215. Epidermal growth factor in ophthalmology. Visual complications of refractive surgery. Current Trends of Ophthalmology Symposium, Minneapolis, Minnesota, 09/10/87
216. What went wrong with the Stableflex lens? Factors in lens design that influence intraocular lens removal. Annual Meeting: Indiana Academy of Ophthalmology, Indianapolis, Indiana, 05/02/87
217. Femtosecond laser contoured penetrating keratoplasty: one-year outcomes. (2006) American Academy of Ophthalmology annual meeting Nov 11-14, Las Vegas, NV.
218. Factors in lens design that influence intraocular lens removals. What went wrong with the Stableflex lens? ASCRS Symposium: Orlando, Florida, 04/08/87
219. Permanent scarring of recipient cornea after removal of epikeratophakia. World Congress on the Cornea III: Washington, DC, 04/30/87
220. Permanent scarring of recipient cornea after removal of epikeratophakia. CLAO/ISRK Combined Midwinter Meeting: Las Vegas, NV 01/15/87
221. Visual side effects of refractive surgery. Introduction to refractive corneal surgery. Keratophakia. Intrastomal (alloplastic) corneal inlays. Keratomileusis - current status of MKM in the United States. Contact lens fitting after refractive surgery. Annual Meeting - Indiana Academy of Ophthalmology: South Bend, Indiana 05/30-31/86
222. The use of posterior chamber intraocular lenses as a secondary implant with corneal transplants. Annual Meeting - Indiana Academy of Ophthalmology: French Lick, Indiana, 05/05/84
223. Prevention of posterior capsule opacification by cryotherapy. IOLAB Update - Anterior and Posterior Chamber Intraocular Lens Seminar with Cryotherapy Update: Indianapolis, Indiana, 07/83
224. Treatment of recurrent pterygium by argon laser photocoagulation. Annual Meeting - Indiana Academy of Ophthalmology: French Lick, Indiana, 05/06/83
225. The effect of topical glycerin on the normal corneal endothelium. U.S. Intraocular Lens Symposium: Los Angeles, California, 04/82

Instructional Courses

1. Course Director. Advanced Corneal Surgical Techniques. Price Vision Group, Indianapolis, IN. Provided surgical training for more than 600 physicians from 46 U.S. states and 25 foreign countries, including Argentina, Austria, Brazil, Canada, Dominican Republic, Germany, Iceland, India, Iran, Japan, Jordan, Korea, Malaysia, Mauritius, Mexico, Portugal, Serbia, Singapore, Switzerland, Taiwan, Turkey, United Arab Emirates, Venezuela. Dates: Nov 5-6, 2002; Mar 25-26, 2003; Sept 30 – Oct 1, 2003; Feb 10-11, 2004; May 11-12, 2004; July 20-21, 2004; Sept 27-28, 2004; Dec 7-8, 2004; Jan 16-17, 2005; Feb 8-9, 2005; April 26-27, 2005; June 14-15, 2005; July 26-27, 2005; Aug 23-24, 2005; Sept 20-21, 2005; Oct 4-5, 2005; Oct 19-20, 2005; Nov 29-30, 2005; Dec 6-7, 2005; 16 courses Jan 2006-Dec 2006; 10 courses Jan 2007-Sept 2007, 8 courses Jan 2008-Dec 2008. 12 courses Jan 2009-Dec 2009. 9 courses Jan 2010-Dec 2010.

Francis W. Price, Jr., M.D.
Curriculum Vitae - Page 25

2. Course Director: Descemet membrane endothelial keratoplasty and related advanced endothelial keratoplasty techniques. American Academy of Ophthalmology annual meeting, Oct 23, 2011, Orlando, FL.
3. Course Director: State of the art use of the femtosecond laser for keratoplasty, cataract surgery and astigmatic incisions. American Academy of Ophthalmology annual meeting, Oct 23, 2011, Orlando, FL.
4. Course Director: Femtosecond laser keratoplasty: state-of-the-art for keratoplasty and astigmatic incisions. American Society of Cataract and Refractive Surgery annual meeting, March 27, 2011, San Diego CA.
5. Instructor: State-of-the-art in keratoconus treatment: corneal rings, crosslinking, thermal treatment, DALK and femtosecond laser applications. American Society of Cataract and Refractive Surgery annual meeting, March 27, 2011, San Diego CA.
6. Course Director: Femtosecond Laser keratoplasty: state of the art and comparison to standard keratoplasty. American Academy of Ophthalmology annual meeting, Oct 17, 2010, Chicago, IL.
7. Course Director: Descemet membrane endothelial keratoplasty and related advanced endothelial keratoplasty techniques. American Academy of Ophthalmology annual meeting. Oct 17, 2010. Chicago, IL.
8. Course Director: Price, FW. Femtosecond Lamellar Keratoplasty: Practical Tips on Doing IEK. April 12, 2010. American Society of Cataract and Refractive Surgery. Boston, MA.
9. Instructor: Price, FW. Femtosecond-assisted Deep Anterior Lamellar Keratoplasty. American Society of Cataract and Refractive Surgery. April 11, 2010. Boston, MA
10. Price, FW. Update on UV Riboflavin Cross-linking: Applications and Contraindications. October 27, 2010. American Academy of Ophthalmology Annual Meeting. San Francisco, CA.
11. Instructor: Price, FW. Effective Management of Glaucoma in Endothelial Keratoplasty Patients: Surgical considerations in EK with pre-existing glaucoma. October 27, 2009. American Academy of Ophthalmology Annual Meeting. San Francisco, CA.
12. Course Director: Price, FW. Femtosecond Laser Keratoplasty: State of the Art and Comparison to Standard Keratoplasty: Practical Tips on Doing IEK. October 25, 2009. American Academy of Ophthalmology Annual Meeting. San Francisco, CA.
13. Course Director: Femtosecond laser keratoplasty: state of the art and comparison with standard keratoplasty. American Society of Cataract and Refractive Surgery meeting, April 7, 2009. San Francisco, CA.
14. Instructor: Comparative Endothelial Cell Loss Between DSEK and PK and Impact of Different DSEK Insertion Methods on Cell Loss. AAO. November 10, 2008. Atlanta, GA.
15. Course Director: Comprehensive Femtosecond-Enabled Keratoplasty. AAO. November 11, 2008. Atlanta, GA.
16. Instructor: Deep Anterior Lamellar Keratoplasty. CLAO/AAO. November 9, 2008. Atlanta, GA.
17. Instructor: Femtosecond laser in Special Eyes, ESCRS, September 15, 2008, Berlin, Germany.
18. Instructor: IntraLase-enabled Keratoplasty: Current State of the Art and Comparison with Standard Keratoplasty Techniques. Annual meeting of the American Society of Cataract and Refractive Surgery, April 6, 2008, Chicago, IL.
19. Instructor: Utilization of Top Hat to Treat Scarred Corneas. Annual meeting of the American Society of Cataract and Refractive Surgery, April 6, 2008, Chicago, IL.
20. Instructor: Update on posterior lamellar keratoplasty/ Descemet's membrane transplantation (DSEK/DSEK/FS-DSEK and DMEK). Annual meeting of the American Academy of Ophthalmology November 12, 2007, New Orleans, LA.
21. Instructor: New and useful surgical techniques in anterior segment surgery. Annual meeting of the American Academy of Ophthalmology November 13, 2007, New Orleans, LA.

22. Instructor: Corneal surgery with the IntraLase femtosecond laser. Annual meeting of the American Academy of Ophthalmology November 13, 2007, New Orleans, LA.
23. Instructor: Endothelial transplantation: Technique and results. ESCRS. September 9, 2007. Stockholm, Sweden.
24. Director. Big bubble wet lab. Argentinean Congress of Ophthalmology. July 17, 2007. Buenos Aires, Argentina.
25. Instructor. Tophat-shaped femtosecond laser-enabled keratoplasty. American Society of Cataract and Refractive Surgery, April 28, 2007; San Diego CA.
26. Instructor: Endothelial keratoplasty: surgical techniques. April 29, 2007. American Society of Cataract and Refractive Surgery, April 28, 2007; San Diego CA.
27. Instructor: Endothelial keratoplasty: prevention and management of donor dislocations. American Society of Cataract and Refractive Surgery, April 28, 2007; San Diego CA.
28. Panelist: Keratoconus. April 30, 2007. American Society of Cataract and Refractive Surgery, April 28, 2007; San Diego CA.
29. Instructor: Advances in anterior segment surgery: Descemet's stripping endothelial keratoplasty. Army Medical Department and Walter Reed Postgraduate Course. March 20, 2007. Bethesda, MD.
30. Instructor: Femtosecond laser-assisted keratoplasty. Army Medical Department and Walter Reed Postgraduate Course. March 20, 2007. Bethesda, MD.
31. Instructor: Posterior lamellar keratoplasty and descemet membrane transplantation. American Academy of Ophthalmology annual meeting. November 12, 2006. Las Vegas, NV
32. Instructor: Femtosecond-enabled keratoplasty: Tophat. November 12, 2006 American Academy of Ophthalmology annual meeting. November 12, 2006. Las Vegas, NV
33. Instructor: Corneal surgery with the IntraLase femtosecond laser. September 9, 2007. XXIV Congress of the European Society of Cataract & Refractive Surgeons, London, England.
34. Instructor/faculty various courses, conferences 2003-2005.
35. Faculty: Indiana University in-service. Conductive Keratoplasty. 5/21/03
36. Faculty: LASIK. American Academy of Ophthalmology Annual Meeting, Orlando, FL, 10/22/02
37. Co-Director: "Comprehensive LASIK Course" Skills Transfer Program – American Academy of Ophthalmology Annual Meeting, Orlando, FL 10/21/02
38. Course Director: Instructional Course on the AquaFlow® implant. Price Vision Group, Indianapolis, IN. May 15, 2002
39. Course Director: LASIK Skills Transfer Program –American Academy of Ophthalmology Annual Meeting, New Orleans, LA, November 12, 2001
40. Course Director: Lamellar refractive surgery with a microkeratome. Skills Transfer Program . American Academy of Ophthalmology Annual Meeting, Dallas, TX, October 23, 2000
41. Faculty. Lamellar refractive surgery with a microkeratome. American Academy of Ophthalmology Annual Meeting, Orlando, FL 10/25/99
42. Co-Director: Lamellar refractive surgery with a microkeratome. Skills Transfer Program - American Academy of Ophthalmology Annual Meeting, Orlando, FL 10/25/99
43. Faculty. Lamellar Refractive Surgery with a Microkeratome. American Academy of Ophthalmology Annual Meeting, New Orleans, LA 11/10/98
44. Instructor/Surgeon: Santo Domingo live surgery with ICL implants for myopia by STAAR Surgical Corp. March 25- 28, 1998.
45. Course Director and Surgeon: Instructional course on the implantation of a STAAR glaucoma drainage device Corneal Consultants of Indiana, Indianapolis, IN January 30-February 1, 1998
46. Faculty: Lamellar refractive surgery with a microkeratome. American Academy of Ophthalmology Annual Meeting, San Francisco, CA, October 26-27, 1997
47. Course Director: Instructional course on incisional and laser refractive surgery for the ophthalmology residents of the Indiana University School of Medicine. Corneal Consultants of Indiana, Indianapolis, IN November 16, 1996

48. Course Director: Instructional course on incisional keratorefractive surgery for the ophthalmology residents of the Indiana University School of Medicine. Corneal Consultants of Indiana, Indianapolis, IN November 18, 1995
49. Panelist: Paper presentations - Symposium on cataract, IOL, and refractive surgery ASCRS/ASOA Symposium on Cataract, IOL and Refractive Surgery, San Diego, CA April 4, 1995
50. Faculty: Medical management of refractive surgery patients (from which material was used to create a continuing medical education home-study course for physicians) Sponsored by Education Design, Inc. and Allergan, San Diego, CA March 31, 1995
51. Course Director: Instructional course on incisional keratorefractive surgery for the ophthalmology residents of the Indiana University School of Medicine. Corneal Consultants of Indiana, Indianapolis, IN April 23, 1994
52. Course Director: Instructional course on automated lamellar keratomileusis for corneal surgeons. Indiana Microsurgical, Indianapolis, IN, September 29, 1993
53. Course Director: An Instructional Course on Incisional Keratorefractive Surgery. Cornea Research Foundation of America, Indianapolis, IN, August 28, 1993.
54. Course Director: Instructional Course on Radial Keratotomy. Cornea Research Foundation of America, Indianapolis, IN, March 6, 1993.
55. Instructor: Didactic - Surgical Correction of Astigmatism. American Academy of Ophthalmology, Dallas, TX, November 11, 1992
56. Course Director: Fall Seminar - Systemic Approach to Ocular Therapeutics, Management of Radial Keratotomy & Surgical Management of Glaucoma. Cornea Research Foundation of America, Indianapolis, IN, October 30, 1992
57. Instructor: Didactic - Surgical Correction of Astigmatism. American Academy of Ophthalmology, Anaheim, CA, October 16, 1991
58. Course Director: Suture-Fixating Posterior Chamber Intraocular Lenses. Cornea Research Foundation of America, Indianapolis, IN, April 28, 1991
59. Co-Instructor: Didactic - Microsurgical Correction of Astigmatism. American Academy of Ophthalmology, Atlanta, GA, October 30, 1990
60. Instructor: Didactic - Surgical Correction of Astigmatism. American Academy of Ophthalmology, New Orleans, LA, October 30, 1989
61. Course Director: Refractive Surgery Introduction and Workshop. Community Hospital of Indianapolis, Indianapolis, Indiana. 1985
62. Course Director: Refractive Surgery Introduction and Workshop. Community Hospital of Indianapolis, Indianapolis, Indiana. 1984
63. Faculty: Vitrectomy for the Anterior Segment Surgeon. Community Hospital of Indianapolis & Indiana University School of Medicine, Indianapolis, Indiana. 1984
64. Course Director. Introduction to the Operating Microscope and Ophthalmic Microsurgery. Community Hospital of Indiana, Indianapolis, Indiana. 1983
65. Faculty. A New Orleans Course for Practical Anterior Segment Laser Therapy. New Orleans, Louisiana. 1982

Editorial Boards

- Ocular Surgery News, specializing in Cornea and External Disease, active
- Therapeutic Updates in Ophthalmology, Pain Section Editor, active
- Journal of Refractive Surgery, Active

Manuscript review panel member for the following:

1. American Journal of Ophthalmology
2. Archives of Ophthalmology
3. Canadian Journal of Ophthalmology
4. Cornea

Medical Advisor

Glaucoma setons for STAAR Surgical, Monrovia, California 1992-1997

Medical Advisory Board

National Keratoconus Foundation – 2003/Active

Fellowship Director

1989-Present – Fellowship Director – Post Graduate Studies in Cornea and Refractive Surgery. Price Vision Group, Indianapolis, IN.

Hospital Staff Privileges:

- Community Hospitals of Indianapolis, 1500 North Ritter Avenue , Indianapolis, Indiana 46219
- St. Vincent Hospital and Health Center, 2001 West 86th Street , Indianapolis, Indiana 46240

Surgery Center Privileges:

Naab Road Surgery Center, 8260 Naab Road, Indianapolis, IN 46260

Central Indiana Surgery Center, 9002 North Meridian Street, Lower Level, Indianapolis, Indiana 46260

Ethics Course

WIRB Ethics Course, Chicago, Illinois, 8/31/01 (attended).

Scripting and Co-production of the first commercially available interactive computer programs for Patient Education and Informed Consent in refractive surgery.

1995 - copyright - Price Hall Welch, Inc.
- (LK) Lamellar Keratoplasty (keratomileusis in situ)
1996 - copyright - Price Hall Welch, Inc.

Authored I.D.E. clinical protocols, approved by the FDA, entitled:

- A phase III prospective randomized controlled clinical trial to investigate the simultaneous versus sequential surgical correction of myopia and astigmatism with laser in situ keratomileusis.
- A phase III prospective randomized controlled clinical trial to investigate the use versus non use of topical corticosteroids on the stability of the manifest refraction between one and three months after the surgical correction of myopia and astigmatism with laser in situ keratomileusis.

Francis W. Price, Jr., M.D.
Curriculum Vitae - Page 29

- A phase III prospective controlled clinical trial to investigate the ability to decrease the rate of over correction without increasing the rate of retreatment due to under correction with laser in situ keratomileusis.

U. S. Patents:

- Posterior Chamber Intraocular Lens, filed March 31, 1986, Patent #4750904
- Eye Filtration Prostheses, filed August 14, 1991, Patent # 5326345
- Corneal Punching System, filed October 15, 1993, Patent #5,334.213
- Corneal Implants and Methods of Use, filed April 18, 2005, Patent # 20060235513
- System and Method for Resecting Corneal Tissue Using Non-Continuous Initial Incisions
Patent #20080058777
