DMEK

Descemet's Membrane Endothelial Keratoplasty

What's new with DMEK after 3500 cases?

In the last year, there have been significant advances in both surgical techniques and post-operative management.

Surgery: the use of intra operative OCT provides a tremendous teaching tool for understanding the mechanics of donor positioning and movement in the eye. Our live surgery demonstrations of 8 to 14 cases on the second course day have continuous OCT and video during surgery. New Descemet's out techniques facilitate donor handling and unfolding as well as promising improved post-operative cell counts. Is this the key to using younger tissue - come and find out!

Do you have gas or just air? Decide which is best for you.

DMEK can now be routinely used for many complicated cases like post PK, post glaucoma surgery, and post PPV.

Post-operative care now has reduced need for topical steroid in most cases and reduced risk of steroid induced IOP increases. Find out how to individualize steroid dosing.

DMEK has reduced rejection risk, less chance of steroid induced glaucoma, improved vision, and improved cell counts compared to earlier forms of transplants

DMEK TWO DAY COURSE

- April 2 / 3, 2024 Tuesday and Wednesday
- October 15 / 16, 2024 Tuesday and Wednesday

Registration fee: \$3,000 USD (Category 1 CME)

COURSE FOCUS

- Live surgery
- Wet Lab
- Ultra thin cut
- Big bubble and hand dissection techniques
- Examination of post-operative patients
- Videos: Complications / Difficult cases
- Didactic

AGENDA

Tuesday: 8:00 am – 5:00 pm

The day includes presentations from Dr. Francis W. Price, Jr., President of Corneal Consultants of Indiana, P.C. d/b/a Price Vision Group; Dr. Matthew Feng and Dr. Anjolie Gang both associates with Price Vision Group along with Dr. Marianne Price, Executive Director of the Cornea Research Foundation of America. 3+ hours of wet lab, post op patient observations, complicated cases, discussion and a catered lunch.

Wednesday: 7:00 am – 3:30 pm (approximately)

The day includes live surgery, additional wet lab if desired and a light lunch.

ATTIRE

Business casual. Please refrain from wearing perfumes and colognes. Scrubs will be provided for live surgery.

HOTEL
